

Florida Educators Accomplished Practices Self-Assessment

For each of the statements below, indicate what you feel is your current level of ability in doing what's described by that statement. Use a 1 to indicate awareness and/or a beginning level of competence and a 10 to indicate that you are fully competent to carry out the indicated function. Use 2 – 9 to indicate varying degrees of ability between the two.

Instructional Design and Lesson Planning

1. _____ Aligns instruction with state-adopted standards at the appropriate level of rigor.
2. _____ Sequences lessons and concepts to ensure coherence and required prior knowledge.
3. _____ Designs instruction for students to achieve mastery.
4. _____ Selects appropriate formative assessments to monitor learning.
5. _____ Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons.
6. _____ Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies.

Sum of all Responses _____/6 = _____ Your ASSESSMENT Average

The Learning Environment

1. _____ Organizes, allocates, and manages the resources of time, space, and attention.
2. _____ Manages individual and class behaviors through a well-planned management system.
3. _____ Conveys high expectations to all students.
4. _____ Respects students' cultural linguistic and family background.
5. _____ Models clear, acceptable oral and written communication skills.
6. _____ Maintains a climate of openness, inquiry, fairness and support.
7. _____ Integrates current information and communication technologies.
8. _____ Adapts the learning environment to accommodate the differing needs and diversity of students.
9. _____ Utilizes current and emerging assistive technologies that enable students to participate in high-quality communication interactions and achieve their educational goals.

Sum of all Responses _____/9 = _____ Your ASSESSMENT Average

Instructional Delivery and Facilitation

1. _____ Delivers engaging and challenging lessons.
2. _____ Deepens and enriches students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter.
3. _____ Identifies gaps in students' subject matter knowledge.
4. _____ Modifies instruction to respond to preconceptions or misconceptions.
5. _____ Relates and integrates the subject matter with other disciplines and life experiences.
6. _____ Employs higher-order questioning techniques.
7. _____ Applies varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding.
8. _____ Differentiates instruction based on an assessment of student learning needs and recognition of individual differences in students.
9. _____ Supports, encourages, and provides immediate and specific feedback to students to promote student achievement.
10. _____ Utilizes student feedback to monitor instructional needs and to adjust instruction.

Sum of all Responses _____/10 = _____ Your ASSESSMENT Average

Assessment

1. _____ Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those needs, and drives the learning process.
2. _____ Designs and aligns formative and summative assessments that match learning objectives and lead to mastery.
3. _____ Uses a variety of assessment tools to monitor student progress, achievement and learning gains.
4. _____ Modifies assessments and testing conditions to accommodate learning styles and varying levels of knowledge.
5. _____ Shares the importance and outcomes of student assessment data with the student and the student's parent/caregiver(s).
6. _____ Applies technology to organize and integrate assessment information.

Sum of all Responses _____/6 = _____ Your ASSESSMENT Average

Continuous Professional Improvement

1. _____ Designs purposeful professional goals to strengthen the effectiveness of instruction based on students' needs.
2. _____ Examines and uses data-informed research to improve instruction and student achievement.
3. _____ Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons.
4. _____ Collaborates with the home, school and larger communities to foster communication and to support student learning and continuous improvement.
5. _____ Engages in targeted professional growth opportunities and reflective practices.
6. _____ Implements knowledge and skills learned in professional development in the teaching and learning process.

Your ASSESSMENT Average _____ = Sum of Responses/6
