COMPONENT #: 1-703-001

SPECIFIC LEARNER OUTCOMES: Identify the intended learner outcomes (number and content of learner outcomes should be reflective of the total points participants will earn as a result of completing this learning).

Standard 1: Planning for Standards-Based Instruction of ELLs

Teachers will know, understand, and apply concepts, research, best practices, and evidenced-based strategies to plan classroom instruction in a supportive learning environment for ELLs. The teacher will plan for multilevel classrooms with learners from diverse backgrounds using a standards-based ESOL curriculum.

Performance Indicators

- 4.1.A Plan for integrated standards-based ESOL and language sensitive content instruction.
- 4.1.B Create supportive, accepting, student-centered classroom environments.
- 4.1.C Plan differentiated learning experiences based on assessment of students' English and L1 proficiency and integrating ELLs' cultural background knowledge, learning styles, and prior formal educational experiences.
- 4.1.D Plan learning tasks for particular needs of students with limited formal schooling (LFS).
- 4.1.E Plan for instruction that embeds assessment, includes scaffolding, and provides re-teaching when necessary for individuals and small groups to successfully meet English language and literacy learning objectives.

Standard 2: Instructional Resources and Technology

Teachers will know, select, and adapt a wide range of standards-based materials, resources, and technologies.

Performance Indicators

- 4.2.A Select and adapt culturally responsive/sensitive, age-appropriate, and linguistically accessible materials.
- 4.2.B Select and adapt a variety of materials and other resources including L1 resources, appropriate to ELLs' developing English language and literacy.
- 4.2.C Select technological resources (e.g., websites, software, computers, and related media) to enhance instruction for ELLs of diverse backgrounds and at varying English proficiency levels.

PART II – LEARNING

LEARNING PROCEDURES: Describe the experiences (the “what”) and formats/methods (the “how”) that will be used to provide participants with the knowledge and skills sufficient to master the intended learner outcome of this component.

1. Participants will have a variety of experiences that will include, but are not limited to, the following professional development designs:
Learning and application through a blended/hybrid format that will include
 - Web based resources
 - Discussion of research-based best practices
 - Reflection
 - Case Studies
 - Collaborative learning activities
 - Review of current research
 - Protocols

2. Write modified lesson plans in the area of reading and content area ESOL.
3. Give individual small group microteaching lessons for peers to provide feedback.
4. Work in grade level and/or subject area groups to develop curriculum projects appropriate for LEP students.
5. Be involved in activities relevant to creating teaching materials for LEP students.
6. Engage in presentations, discussions, and other activities that will assist teachers in mastering competencies.

PART III – IMPLEMENTATION

IMPLEMENTATION PROCEDURES: Method(s) and resource(s) that will be provided to support implementation of new learning for participants (check all that apply).

- X Apply newly acquired professional knowledge, skills, dispositions, and behaviors to improve practice.
- X Provide sufficient classroom- and school-focused support and assistance by skillful coaches, mentors, or others to the educator to ensure high-fidelity implementation of professional learning.
- X Provide educators with web-based resources and assistance to support implementation of professional learning.

PART IV – EVALUATION

IMPACT EVALUATION PROCEDURES: Describe the processes that will be used to determine the impact (as identified in previous section titled “Impact Focus Areas”). Description should reflect methods for determining at least ONE of those areas, and will include a specific section for each impact focus area identified for this component.

1. Educator Knowledge/skill: Will consist of observation of participants using the identified skills, techniques, methods, specified in the component objectives during the learning events; will also include reflective journal entries of participants after receiving feedback from their peers.
2. Educator: Evidence will include classroom walk-throughs, student materials, parent communication, surveys, participant reflections, participant portfolios.
3. Student Learning: Evidence will include evidence of implementation through documented impact on student achievement.

COMPONENT EVALUATION PROCEDURES: Describe the process(es) that will be used to determine the effectiveness of this component to include design, implementation and impact (check all that apply).

- X Evaluate the impact of all professional learning on educator’s practice through reflection, assessment, collaborative protocols for examining educator practice and work samples, peer visits, and/or professional portfolios.
- X Determine the degree to which educator’s professional learning contributed to student performance gains as measured by classroom assessment data.
