

# Special Education: Curriculum Content

**COMPONENT #: 1-105-319**

**POINTS TO BE EARNED: 120 MPP**

## PART I – PLANNING

**DESCRIPTION:** Write a brief description of content and intent of component.

This component is designed to enable the participant to identify and implement research-based instruction that can be used to improve the achievement levels of students with disabilities. The participants will acquire knowledge and be able to implement current curriculum standards with students with disabilities.

**STANDARDS/FOCUS AREAS ADDRESSED BY COMPONENT:** Identify the standards, national/state/district imperatives, initiatives or key focus areas this component supports.

**Standards for Professional Learning** (choose one)

- |   |  |

| <input checked="" type="checkbox"/> Educator knowledge/skill (content) | <input checked="" type="checkbox"/> Student learning       |
| <input type="checkbox"/> Educator (professional growth)                | <input type="checkbox"/> Organizational support and change |

# Special Education: Curriculum Content

## COMPONENT #: 1-105-319

**SPECIFIC LEARNER OUTCOMES:** Identify the intended learner outcomes (number and content of learner outcomes should be reflective of the total points participants will earn as a result of completing this learning).

1. Identify core literacy objectives that teach students how to make connections to real world applications.
2. Identify structures and procedures for monitoring student progress in the acquisition of language and literacy skills.
3. Identify and implement literacy intervention and content area literacy for instructional planning and implementation using the current curriculum standards.
4. Identify and utilize techniques for development of student learning through activity learning centers for the acquisition of language and literacy skills.
5. Understand and demonstrate working knowledge of developmentally appropriate practices for young children.
6. Identify and describe latest research findings which impact the following areas: language and literacy development, physical development, cognitive development, social development and emotional development.
7. Identify, evaluate and implement modified curricula for students with disabilities.
8. Identify, utilize, and evaluate techniques and materials appropriate to support a modified curriculum.

### PART II – LEARNING

**LEARNING PROCEDURES:** Describe the experiences (the “what”) and formats/methods (the “how”) that will be used to provide participants with the knowledge and skills sufficient to master the intended learner outcome of this component.

1. Participate in discussions based on instructor’s lectures/presentation (SLO 1-8)
2. Discuss and apply research-based practices (SLO 6)
3. Engage in research for web-based resources (SLO 6)
4. Research case studies (SLO 6)
5. Create collaborative learning activities (SLO 1, 4, 5)
6. Utilize collaborative practices within various contexts (SLO 1, 4, 5)

### PART III – IMPLEMENTATION

**IMPLEMENTATION PROCEDURES:** Method(s) and resource(s) that will be provided to support implementation of new learning for participants (check all that apply).

- Apply newly acquired professional knowledge, skills, dispositions, and behaviors to improve practice.
- Provide sufficient classroom- and school-focused support and assistance by skillful coaches, mentors, or others to the educator to ensure high-fidelity implementation of professional learning.
- Provide educators with web-based resources and assistance to support implementation of

# Special Education: Curriculum Content

COMPONENT #: 1-105-319

professional learning.

## PART IV – EVALUATION

**IMPACT EVALUATION PROCEDURES:** Describe the processes that will be used to determine the impact (as identified in previous section titled “Impact Focus Areas”). Description should reflect methods for determining at least ONE of those areas, and will include a specific section for each impact focus area identified for this component.

1. Educator Knowledge/skill: Will consist of observation of participants using the identified skills, techniques, methods, specified in the component objectives during the learning events; will also include reflective journal entries of participants after receiving feedback from their peers.
1. Student Learning: Evidence will include evidence of implementation through documented impact on student achievement.

**COMPONENT EVALUATION PROCEDURES:** Describe the process(es) that will be used to determine the effectiveness of this component to include design, implementation and impact (check all that apply).

- Evaluate the impact of all professional learning on educator’s practice through reflection, assessment, collaborative protocols for examining educator practice and work samples, peer visits, and/or professional portfolios.
- Determine the degree to which educator’s professional learning contributed to student performance gains as measured by classroom assessment data.
- Use summative and formative data from state or national standardized student achievement measures, when available, or other measures of student learning and behavior such as district achievement tests, progress monitoring, educator-constructed tests, action research results, discipline referrals, and/or portfolios of student work to assess the impact of professional learning.

**Date Approved: 5/20/2014**

**Department:** Exceptional Student Education

**Name of Author/Position:** Rosalia F. Gallo - Instructional Supervisor
