**COMPONENT #: 2-406-323**

**POINTS TO BE EARNED: 10 MPP**

## **PART I – PLANNING**

**DESCRIPTION:** Write a brief description of content and intent of component.

This component is designed to enable the participant to identify, research, and implement research-based and current instructional strategies, innovative teaching techniques, technological utilization/integration and/or new instructional materials that can be used to improve the instructional process and/or the participant's professional development.

Upon successful completion of this professional development activity the participant will be able to incorporate into his/her instruction the principles presented in this workshop.

**STANDARDS/FOCUS AREAS ADDRESSED BY COMPONENT:** Identify the standards, national/state/district imperatives, initiatives or key focus areas this component supports.

## Co-Teaching

### COMPONENT #: 2-406-323

X Educator (professional growth)

Organizational support and change

**SPECIFIC LEARNER OUTCOMES:** Identify the intended learner outcomes (number and content of learner outcomes should be reflective of the total points participants will earn as a result of completing this learning).

1. Identify and describe innovative strategies, techniques, and/or materials appropriate for implementation or utilization in a specific instructional assignment.
2. Identify innovative techniques, strategies, and/or materials, and describe in writing how each can be adapted to support specific instructional objectives.
3. Identify current research issues and developments in the field of instruction.
4. List practical applications of the research in the classroom including strategies that promote creative/critical thinking capabilities of students.
5. Develop skills in analyzing and assessing instructional materials.
6. Develop activities that integrate technology into the curriculum.
7. Develop activities that address the issues surrounding the diverse needs of learners.
8. Research and analyze alternative delivery systems such as distance learning and the use of interactive technology.
9. Examine equitable methods, techniques, and practices addressing the needs of all students.
10. Research, analyze, and implement the principles of continual quality improvement for professional growth.

### PART II – LEARNING

**LEARNING PROCEDURES:** Describe the experiences (the “what”) and formats/methods (the “how”) that will be used to provide participants with the knowledge and skills sufficient to master the intended learner outcome of this component.

1. Attend the instructor's lectures/presentations and participate actively in discussions and activities on innovative strategies/techniques, technology integration and/or materials for specific learner outcomes (SLO 1-10).
2. Discuss how the innovative strategies, techniques, technology integration, and/or materials can be used to support specific instructional objectives (SLO 1-10).
3. Implement specific instructional strategies and activities that will address the needs of diverse learners (SLO 2, 7, & 9).
4. Participant will engage in mentor/coaching activities which may include but not be limited to direct observation, conferencing, oral reflection, lesson demonstration and/or follow up session(s).
5. Discussions on program adjustments, as needed, as a result of the implementation feedback and findings.

### PART III – IMPLEMENTATION

**IMPLEMENTATION PROCEDURES:** Method(s) and resource(s) that will be provided to support implementation of new learning for participants (check all that apply).

X Apply newly acquired professional knowledge, skills, dispositions, and behaviors to improve practice.

## Co-Teaching

COMPONENT #: 2-406-323

- X Provide sufficient classroom- and school-focused support and assistance by skillful coaches, mentors, or others to the educator to ensure high-fidelity implementation of professional learning.
- X Provide educators with web-based resources and assistance to support implementation of professional learning.

### PART IV – EVALUATION

**IMPACT EVALUATION PROCEDURES:** Describe the processes that will be used to determine the impact (as identified in previous section titled “Impact Focus Areas”). Description should reflect methods for determining at least ONE of those areas, and will include a specific section for each impact focus area identified for this component.

1. Educator: Evidence will include classroom walk-throughs, student materials, parent communication, surveys, evidence of collaborative planning, participant reflections, participant portfolios.

**COMPONENT EVALUATION PROCEDURES:** Describe the process(es) that will be used to determine the effectiveness of this component to include design, implementation and impact (check all that apply).

- X Evaluate the impact of all professional learning on educator’s practice through reflection, assessment, collaborative protocols for examining educator practice and work samples, peer visits, and/or professional portfolios.
- Determine the degree to which educator’s professional learning contributed to student performance gains as measured by classroom assessment data.
- Use summative and formative data from state or national standardized student achievement measures, when available, or other measures of student learning and behavior such as district achievement tests, progress monitoring, educator-constructed tests, action research results, discipline referrals, and/or portfolios of student work to assess the impact of professional learning.
