Instructional Strategies

COMPONENT #: 2-409-411

SPECIFIC LEARNER OUTCOMES: Identify the intended learner outcomes (number and content of learner outcomes should be reflective of the total points participants will earn as a result of completing this learning).

1. Utilize differentiated instruction across the curriculum.
2. Use high level questioning strategies to promote create/critical thinking.
3. Gain strategies for implementation of differentiating instruction in the individual classroom that are grade and subject appropriate.
4. Identify examples that illustrate classroom interpersonal relationships.
5. List examples of reinforcement which can be used to enhance classroom efficiency.
6. Identify the personal behaviors that show approval/disapproval in the classroom.
7. Relate the research to the Accomplished Practices for Teachers.

PART II – LEARNING

LEARNING PROCEDURES: Describe the experiences (the “what”) and formats/methods (the “how”) that will be used to provide participants with the knowledge and skills sufficient to master the intended learner outcome of this component.

1. Network with other professional development providers.
2. Engage in group discussions and study groups and receive feedback.
3. Ensure support and share successful strategies with colleagues.
4. Engage in active learning strategies such as: anchor activities, response cards and interest inventories.
5. Read/review research-based articles related to student achievement.
6. Participate in discussions and demonstrations on social order and management of the classroom environment.
7. Organize and graph examples of the relationships between teacher and student.

PART III – IMPLEMENTATION

IMPLEMENTATION PROCEDURES: Method(s) and resource(s) that will be provided to support implementation of new learning for participants (check all that apply).

- X Apply newly acquired professional knowledge, skills, dispositions, and behaviors to improve practice.
- X Provide sufficient classroom- and school-focused support and assistance by skillful coaches, mentors, or others to the educator to ensure high-fidelity implementation of professional learning.
- X Provide educators with web-based resources and assistance to support implementation of professional learning.

PART IV – EVALUATION

IMPACT EVALUATION PROCEDURES: Describe the processes that will be used to determine the impact (as identified in previous section titled “Impact Focus Areas”). Description should reflect methods for determining at least ONE of those areas, and will include a specific section for each impact focus area identified for this component.

Instructional Strategies

COMPONENT #: 2-409-411

1. Educator (professional growth): Evidence will include written assignments (e.g. lesson plans, logs, student activities descriptions, reviews and reflections, journal entries, summaries, etc.) as given by the instructor.
2. Educator knowledge/skill (content): Evidence will include creating an action plan to be implemented at the school site.

COMPONENT EVALUATION PROCEDURES: Describe the process(es) that will be used to determine the effectiveness of this component to include design, implementation and impact (check all that apply).

- X Evaluate the impact of all professional learning on educator's practice through reflection, assessment, collaborative protocols for examining educator practice and work samples, peer visits, and/or professional portfolios.
- X Determine the degree to which educator's professional learning contributed to student performance gains as measured by classroom assessment data.
- X Use summative and formative data from state or national standardized student achievement measures, when available, or other measures of student learning and behavior such as district achievement tests, progress monitoring, educator-constructed tests, action research results, discipline referrals, and/or portfolios of student work to assess the impact of professional learning.
