2. Identify and describe benefits of ERP with regard to the activities to recruit and retain high performing staff.
3. Identify changes to existing human resources procedures and terminology which are a result of the technology update including new actions, modified actions and discontinued actions.
4. Navigate through the SAP Graphical User Interface (SAP GUI) to human resources information.
5. Identify when to perform human resources tasks from within the SAP GUI in the revised business practices.
6. Perform human resources tasks from within the SAP GUI selecting options, as appropriate, in a variety of circumstances.
7. Navigate through the SAP Portal to human resources information.
8. Identify when to perform human resources tasks from within the SAP Portal in the revised business practices.
9. Perform human resources tasks from within the SAP Portal selecting options, as appropriate, in a variety of circumstances.
10. Learn to navigate to and use human resources reporting features within the SAP Portal or the SAP GUI.

PART II – LEARNING

LEARNING PROCEDURES: Describe the experiences (the “what”) and formats/methods (the “how”) that will be used to provide participants with the knowledge and skills sufficient to master the intended learner outcome of this component.

1. Attend the instructor's lectures/presentations and participate actively in discussions and activities regarding the benefits of an ERP system (SLO 1-3).
2. Attend the instructor's lectures, presentations, and/or demonstrations and participate actively in discussions and activities with the SAP GUI human resources features (SLO 4-6).
3. Attend the instructor's lectures, presentations, and/or demonstrations and participate actively in discussions and activities with the SAP Portal human resources features (SLO 7-9).
4. Review simulations which demonstrate human resources tasks in both SAP GUI and SAP Portal (SLO 4-10).
5. Create, modify or delete records as appropriate and enabled through SAP permissions granted according to defined roles (SLO 4-10).
6. Perform representative human resources tasks within a sandbox environment for the GUI, Portal or both.
7. Perform actual human resources tasks within the live environment of the GUI, Portal or both.
8. Complete survey(s) which measure the participant's level of retention of information and tasks presented during training.

10. Access stored web conference(s), simulation(s), or activity task(s).

PART III – IMPLEMENTATION

IMPLEMENTATION PROCEDURES: Method(s) and resource(s) that will be provided to support implementation of new learning for participants (check all that apply).

- X Apply newly acquired professional knowledge, skills, dispositions, and behaviors to improve practice.
- X Provide sufficient classroom- and school-focused support and assistance by skillful coaches, mentors, or others to the educator to ensure high-fidelity implementation of professional learning.
- X Provide educators with web-based resources and assistance to support implementation of professional learning.

PART IV – EVALUATION

IMPACT EVALUATION PROCEDURES: Describe the processes that will be used to determine the impact (as identified in previous section titled “Impact Focus Areas”). Description should reflect methods for determining at least ONE of those areas, and will include a specific section for each impact focus area identified for this component.

1. Organizational support and change: Will consist of observation of participants using the identified skills, techniques, methods, specified in the component objectives during the learning events. Will also complete online assignments specific to each course.

COMPONENT EVALUATION PROCEDURES: Describe the process(es) that will be used to determine the effectiveness of this component to include design, implementation and impact (check all that apply).

- X Evaluate the impact of all professional learning on educator’s practice through reflection, assessment, collaborative protocols for examining educator practice and work samples, peer visits, and/or professional portfolios.
- Determine the degree to which educator’s professional learning contributed to student performance gains as measured by classroom assessment data.
- Use summative and formative data from state or national standardized student achievement measures, when available, or other measures of student learning and behavior such as district achievement tests, progress monitoring, educator-constructed tests, action research results, discipline referrals, and/or portfolios of student work to assess the impact of professional learning.
